

## REVISION OF BY-LAWS

## IS UNDER DISCUSSION

Maryland Division, Sons of Veterans, to Close Convention This Evening.

The revision of the by-laws whereby the secretary-treasurer will be elected by the delegates instead of by appointment was the principal business before the convention of the Maryland Division, Sons of Veterans, U. S. A., at G. A. R. Hall today.

Officers for the ensuing year and the place of the next meeting may be decided upon before the convention closes this evening.

Resolutions thanking the newspapers for the publicity given the convention and also the police department for courtesies extended the delegates were adopted today.

The association indorsed the widows pension bill, introduced in Congress by Senator Jones of Washington. President Wilson was thanked. In resolutions, for the appointment of Corporal Tanner as register of wills of the District of Columbia.

The annual banquet was held last evening at the Hotel Sterling. Past Department Commander Stone of the Department of the Potomac, G. A. R., made the principal address. Others who made addresses were Past Division Commander J. B. Northrup, Mrs. E. S. Munson of the Sons of Veterans Auxiliary and George W. Sellers.

## Entertained by Cushing Camp.

The visiting delegates of the Maryland division were entertained by Cushing Camp at G. A. R. Hall last night, at which Representative Frank B. Willis of Ohio made an address.

Informal speeches by some of the officers and members of the visiting and local divisions of the organization, and a short musical program, in which E. Albert Land, Glen C. Dorsey, Arthur B. Koenig, Roscoe L. Outley and Prof. Philip Addison participated, concluded the evening's entertainment.

While the members of the Maryland division were being entertained by the members of Cushing Camp, the ladies' auxiliary of Cushing Camp entertained the visiting ladies' auxiliary of the Maryland division at one of the local moving picture theaters.

## FAST RULE AT CAPITOL

"No Tickets, No Seats" When President Wilson Delivers Currency Message.

The House of Representatives had a heart to heart talk with itself this afternoon, when the Speaker reminded the members that President Wilson intended to read a currency message to the House and Senate in the chamber of the larger body Monday afternoon. Speaker Clark reminded the members that on the historic occasion when the President shattered precedent and delivered his message in person for the first time more admission cards to the galleries had been issued than there were seats. He said that next Monday one ticket would be given to each representative and one ticket to each senator, and that instruction had been given to enforce with strictness the rule of "no ticket, no seat."

Representative Austin of Tennessee suggested that the seats in the galleries be numbered, as in theaters, and that tickets of admission be always provided with a coupon seat check. Representative Campbell reminded the House that many members had been seen in the galleries, and forced in friends without tickets, taking up seats so that ticket holders coming later could not be accommodated. There was a general discussion about seats and tickets. It is probable that there will be no repetition of the crisis seen in the Capitol corridors when the President read his first message.

## ARMY OFFICER'S ACTS PROBED.

Charges Preferred Against Maj. Cameron by Citizens on Border.

The War Department is investigating charges that arms and ammunition purchased by private parties at Candelaria, Tex., had been confiscated by Maj. George H. Cameron of the 14th Cavalry, which is patrolling the border near Candelaria.

Although J. J. Kilpatrick of Candelaria has protested to members of Congress against certain of Maj. Cameron's alleged acts, he has as yet made no protest to the War Department.

Secretary Garrison said today that if Maj. Cameron had acted on his own initiative the case would be one for consideration by the postmaster general. The War Secretary pointed out that if the officer was called upon by customs officials to cooperate in enforcing neutrality laws by preventing the sending of arms into Mexico, and therefore was acting merely as the custom of the arms, the case would be one for determination by the Treasury Department.

## BENEFITS THE CLERKS.

Postmaster General Amends Rule Governing Leaves of Absence.

Postmaster General Burleson has promulgated amendments to the postal regulations affecting leaves of absence for clerks in rural offices, letter carriers in cities and postal office carriers, so as to provide that, in postal offices, in addition to the leave of absence provided with pay by law, grant leave of absence without pay for not more than thirty days in any one calendar year.

Applications for leaves to cover a longer period of absence than that provided for by law, must be submitted to the first assistant postmaster general with a full statement of the facts, but no leave in excess of 150 days in any one calendar year will be granted.

Those who desire to be absent for longer periods will be dropped from the rolls "without prejudice."

## APPEALS FOR THE JUDICIARY.

Law Graduate Cites Ancient Examples of Unjust Recall.

CAMBRIDGE, Mass., June 20.—Asserting that the initiative and recall had been tried on Alcibiades and Socrates in Athens, and had worked about as unjustly as it may be expected to work now, Zacharias Chaffee, Jr., who is taking his degree as a lawyer at Harvard, in his commencement speech yesterday made a plea for a less hostile attitude on the part of the public toward the judiciary.

"While sources of dissatisfaction exist as they now do," said Mr. Chaffee, "who is the use of changing one lawyer on the bench for another who thinks in much the same way?"

## Man of Many Afflictions.

NEW YORK, June 20.—An extraordinary case of human affliction was entered on the police records of the city last night, when a poorly dressed man about sixty-five years of age, was found seated on a Washington Heights doorstep and taken to a hospital. The physicians there discovered that the patient was deaf, dumb, blind, a cripple and insane. Owing to his condition the authorities were unable to learn anything of his identity.

## We Close Saturday at 6 P.M.
